

POSTER GUIDELINES

Presentation

Each poster presentation will be scheduled for public viewing for a specified day. Authors will be notified when their poster is schedule. The author will be expected to be available during a time period specified on the final program. The program will be made available on the Conference website by May 1.

Guidelines

The poster board surface area is 48" high and 96" wide. Each poster will be allowed one half of one poster board. This is necessary due to the tremendous number of posters submitted to the conference. Presenters must furnish their own tacks or push pins. (Velcro may or may not work).

Maximum dimensions of the posters will be **48 inches by 36 inches (120 cm by 90 cm)**; they may be portrait or landscape in orientation. Please note for people used to presenting posters at ASAS meetings, these dimensions are smaller.
